

WHY WE'RE SAYING NO TO ACADEMIES FROM PRENDERGAST STUDENTS

- Experienced staff may leave
- There is no evidence that academies improve educational standards
- There is no more money given to the school per student than a state school
- There are no direct benefits for the students
- If something goes wrong, for instance, a fire, the local council isn't responsible for repairs
- They can employ unqualified teachers and can set their own pay, conditions and working hours
- Fair admissions would be threatened
